---

PLANNING & DEVELOPMENT –III SECTION

No: 4837/ P&D -3/1/20882/2018/Admin   Date: 13.06.2018

Read: 1.) Govt .of India, Ministry of communications & Information Technology –Policy on Open
         Application Programming Interfaces (API s) for Govt. of India –F No: 1(4)/2014-EG II
    2.) Proposal submitted by Administration IT Cell-MG University
    3.) Note No .PVC/16/2018 dated 23.05.2018

ORDER

As per read (1), Govt .of India aims to make all government services digitally accessible to citizens through multiple channels such as web, mobile and common service delivery outlets. Inter operability among various e- Governance systems is an important pre requisite for upgrading the quality and effectiveness of service delivery. For promoting open standards for software inter operability across Govt. departments and agencies, Govt. of India has already notified the 'policy on open standards for e-Governance 'and 'Technical standards on inter operability framework for e-Governance'. Given the enormous advantages in this regard, there is a need to formulate a policy for Govt. Organisations in India to provide open Application Programming Interface (APIs).The Open Application Interface Policy promote software Inter operability for all e-Governance applications & Systems and provide access to data & Services for promoting participation of all stake holders including citizens.

As per read (2), a proposal for formulating and implementing Open API in M G University was submitted by the Administration, IT Cell.

As per read (3), the Honourable Pro-Vice Chancellor has recommended to implement Open API Policy as suggested in the proposal read (2). The Honourable Vice Chancellor, after proper deliberations, has approved the recommendation and authorised Sri.Madhu V T, IT Co-ordinator to implement the same in MG University.

In the above circumstances sanction is accorded to

   i) Formulate Open Application Programming Interface (API) policy for MG University
   ii) Provide API connectivity to all systems (legacy & new) on the basis of the API policy
      formulated
   iii) Authorise Sri.Madhu V T, IT Co-ordinator to implement (i) &(ii) above in University
      and to implement the same

Orders are issued accordingly.
