As a reward for the years of hard work and dedication by the university community and benefactors, our University has received an A++ grade from the National Assessment and Accreditation Council (NAAC). Furthermore, we take immense pride in being the first University in the state to receive an A++ grade in the fourth cycle.

This historic accomplishment is a reflection of the relentless efforts and unwavering dedication of our faculty, staff, students, and supporters. It positions us prominently among the institutions of excellence in higher education in the country.

The progress we've made in this re-accreditation cycle underscores our strategic initiatives, innovative teaching methods, and comprehensive support systems that cultivate a conducive learning environment. This recognition not only elevates our reputation but also inspires us to aim for even greater heights in the future.

We extend our heartfelt gratitude to everyone who has contributed to this success. Your hard work, passion, and commitment have been instrumental in achieving this milestone. Together, we will continue to build on this foundation of excellence, advancing our mission to provide top-tier education and make positive contributions to society.

This achievement, coinciding with the celebration of our fortieth anniversary, is the result of the collective efforts of the entire university community.
