Notification for the Project Fellow

Applications are invited from eligible candidates for a position of Junior Research Fellow (JRF) in a SERB, SURE project (SUR/2022/002835) titled – “Environmentally benign approach for the extraction of nanocellulose from novel agromass of Elettaria cardamomum for Green and Smart packaging applications” to be conducted at School of Biosciences, Mahatma Gandhi University, Kottayam.

Tenure: The position is likely to be available for two years/till the termination of the project, whichever is earlier. Appointment will be subjected to annual review for further extension that will be granted based on the performance of JRF, research progress and accomplishments. The post is purely temporary and subject to the availability of annual fund of SERB, Govt. of India.

Essential Qualifications: (i) M.Sc. degree in Biotechnology/Biochemistry/ Microbiology with at least 80 % marks from a recognized university, experience in nanotechnology and should have qualified UGC/CSIR-NET (JRF/LS) or GATE. Preference will be given to those who have at least one year of research experience and publications in reputed journals.

Application procedure: Interested candidates should email their application to the mail ID 2622@mgu.ac.in with the subject line "Application for JRF (SERB) Position SUR/2022/002835" on or before 25th September, 2024. Please email only one pdf file containing a cover letter and CV. Only shortlisted candidates will be invited for the interview and the same will be communicated only by email.
